

Birch tree water – healthy & natural

„Hello Spring“ – the liquid of birch tree

Birch tree water is a tasty refreshing drink, naturally sweetened with Xylit. The refreshing drink is vegan, does not contain any conservatives, colouring nor taste-additives, neither does it contain Glutein, GMO, nor Lactosis.

„Hello Spring“ – gift of nature

Birch tree water contains minerals such as Calcium, Magnesium, Zink, Ferrum, Mangan and vitamins B and C.

A frequent consumption of birch water triggers positive effects on the well being. The minerals and vitamins support

- the bone marrow
- production of Dopamin
- smoother skin
- strengthens the immune system
- helps in muscle-regeneration and relaxation
- supports the production of red bloodcells and metabolism.
- It f helps furthermore in reducing cholesterol remnants

Birch tree water is highly recommended by health & fitness-minded consumers.
